

WELLAND

3.5" NAS HDD Enclosure

**NetShare
ME-747ANS**

Welland ME-747ANS SATA NAS Enclosure is a powerful NAS (Network Attached Storage). Perfectly fits for small business , SOHO or personal data storing and sharing requirements. ME-747ANS supports Ethernet 10/100Mbps high-speed transmission for efficient data sharing.

All 3.5 inch SATA I/II hard disk drive (HDD) are well supported. Actually the networking enclosure provides the cost-effective storage function to the major market. Such as Bit Torrent download agent, you can free the downloading task to your NAS Disk and download file independent of PC.

With its Web base GUI, users can easily handle their personal NAS from anywhere by remote network.

It also provides a multiple data sharing protocol such like FTP and SAMBA which allow users conveniently backup data or share files via intranet or internet connection. The embedded USB Host port gives a convenient connection for USB printer and USB devices. In general, the handy NAS external enclosure ensures you a convenient and non-blocking sharing network.

Specification:
