

WELLAND

3.5" Turbo Leopard USB 3.0 HDD Enclosure

**Turbo Leopard
ME-752S**

Position as the leader of the DIY external storage solution, the Welland Turbo Leopard ME-752S SATA to USB 3.0 external hard disk enclosure comes with blazing performance. 10x faster than USB2.0, it is capable of reading and writing the external drive at USB3.0 SuperSpeed rate of up to 5Gbps. With USB HotSwap and Plug & Play function, this new USB3.0 enclosure is backward compatible with USB2.0 or USB1.1 host of your computer if it has not been upgraded with USB3.0 host.

Form, functionality and style converge in Turbo Leopard ME-752S USB3.0 Enclosure, it is constructed with a strong aluminum case and features an independent HDD ejection mechanism which enables an easy way of SATA hard drive exchange. With the fanless design, it is ideal for quiet environments such as a home office or library. One Touch Backup feature quickly archives your important information. The high quality enclosure ME-752S allows the computer user to simply create a desktop external storage space. Honestly, the high performance of ME-752S exceeds expectations in quality and value.
