3.5" EZSwap GIGA NAS Enclosure

**NetShare GX
ME-752GN-S**

ME752GN-S is an one bay NAS external enclosure (Network Attached Storage) which aims to offer home users a simple solution for files sharing over a network and internet. It offers both USB2.0/eSATA and Gigabit Ethernet connection options.

Based on the trayless and screwless design, the SATA drive installation in the 3.5 inch networking box is simple and easy. Moreover, the friendly HDD ejection mechanics enables users quick to swap the HDD disk.

As for NAS function, it supports FTP/SAMBA files sharing. It can be a printer server. Also, with BT download agent, You can grab torrent files and free the download task to your NAS. ME752GN-S is an ideal home files sharing server.
